SUMMARY

I have experience at web software languages. The software languages and skills I know are as follows. I have focus on web frontend, so improving javascript's libraries, frameworks and trying to carry higher level. I also have experience in education. That's why I believe I'm good at relationships and communication with people. I will adapt to your vision and try to move forward. In addition to, optimistic and personable individual enthusiastic about meeting new people. Strong presentation skills and a real researcher.
